

Pedal the Creek 14-mile (yellow markers)

Distance: 14.64 mi

Elevation Gain: 803 ft

Elevation Max: 1,028 ft

Notes:

0.00 mi Head west on Alpine Meadows Rd
Enjoy the views of the Kayaderosseras Range, the source of the Kayaderosseras (from the Mohawk meaning "valley of the crooked stream").

1.04 mi Turn right onto Miner Rd

2.10 mi *At this point you have already crossed two sources of the Creek, however this tiny stream coming out of the hills to your left is the main branch or headwaters of the Creek. This is defined not by elevation or volume of water but rather as the farthest point from the mouth of the Creek as it enters Saratoga Lake, as measured along the course of the Creek; about 41 miles.*

3.50 mi *Creek Crossing at green bridge*

3.86 mi Slight left onto Chapman St

3.90 mi *Creek Crossing at green bridge*

4.20 mi Turn right onto NY-9N S

4.40 mi *Creek Crossing: At all points along this tour, you are within the Kayaderosseras Creek watershed, meaning all water flows into the Creek and then Saratoga Lake, Fish Creek, and into the Hudson River in Schuylerville. However, if you were to travel in the opposite direction on 9N, just over that small rise to the north, you would enter the Sturdevant Creek watershed which flows north directly into the Hudson in Corinth.*

4.53 mi Turn left onto Depot Rd

4.80 mi *Creek Crossing at green bridge*

5.17 mi Continue straight onto Howe Rd

6.38 mi Turn right onto Spier Falls Rd

7.50 mi *Creek Crossing: Along this section you may notice that the railroad follows alongside the Creek. The reason for this is that rivers (and creeks) are natural corridors and provide nature's best roadmap for the easiest grades, which in turn reduces construction costs.*

7.79 mi Turn left onto NY-9N S

8.20 mi *Creek Crossing*

8.56 mi Turn right onto Porter Corners Rd

9.25 mi *Last crossing of the main branch of the Creek during this tour. Enjoy the beauty of the river plains and notice how much the Creek has grown as other streams have joined the flow.*

9.95 mi *Crossing the south branch of the Creek which also originates in the Kayaderosseras Range just south of the main branch of the Creek.*

10.38 mi Turn left onto N Creek Rd

10.47 mi Turn right onto Plank Rd

10.80 mi Turn right onto Ormsbee Rd
Rest/Water Stop at this corner

11.50 mi !!! Climb 220 ft over .5 miles

12.20 mi *Crossing feeder creek for south branch*

12.33 mi Turn right onto Ballou Rd

12.89 mi Turn left onto Miner Rd

13.00 mi *Crossing the south branch of the Creek*

13.50 mi !!! Short downhill before stop sign

13.58 mi Turn right onto Alpine Meadows Rd

14.62 mi Turn right - Brookhaven Park Pavilion

End of Route
